SECOND ANNOUNCEMENT AND CALL FOR PAPERS

AIM

The Eight Asian Conference on Mechanics of Functional Materials and Structures (ACMFMS 2022) is the successor of the seventh one held at Tohoku University, Japan. You are invited to participate in the ACMFMS 2022 to be held from 11-14 December 2022 in IIT Guwahati. Like the previous conferences, this conference will provide a forum for researchers and academics, particularly from Asia and the neighbouring region, to interact, exchange ideas and establish relationships, with a view to future cooperation and subsequent development of research in theoretical and applied mechanics of solids. Young university faculty and researchers are especially encouraged to participate and to use this opportunity to network with others in similar situations, who will also be seeking to develop their research abilities and experience.

TOPICS

This is a conference on theoretical and applied mechanics of solids, with a particular focus on the following, but not limited to them.

- Mechanics of Functional and Intelligent Materials.
- Mechanics of Functional and Smart Structures.
- Structural Health Monitoring.
- Elasticity (Mathematical, Thermal, Electro, Electro magneto, Photo).
- Plasticity(Mathematical, Multiscale, Thermo, Visco).
- Fracture and Damage Mechanics.
- Impact Mechanics and Dynamics Material Behavior
- Contact Mechanics.
- Solid-Fluid Interaction.
- Biomechanics, Biomaterials.
